

## Slide 8

Objective: Provide concrete risk mitigation strategies that build confidence in Agentic AI implementation while addressing executive concerns.

Layout Composition:

The slide is a flex-col with a header sized to content and a main area that grows to fill remaining space. The main area is a grid with two rows in a auto 1fr proportion. The top row is a flex-row with three risk mitigation strategy cards (1fr 1fr 1fr). The bottom row is a grid with two columns in a 2fr 1fr ratio, where the left contains detailed mitigation approaches and the right contains a risk management framework.

Content Breakdown:

- Block 1:
- Block Type: Text
- Placement: Header section
- Component Schema: "Slide Header"
- Content:
  - Title: "Challenges: Risk Mitigation"
  - Subtitle: "Proven strategies to minimize risk and maximize success"
- Creative Brief: Confidence-building header emphasizing proven strategies and success orientation.
- Block 2:
- Block Type: Text
- Placement: Top row strategy cards (three equal cards)
- Component Schema: "Risk Mitigation Strategies"
- Content:
  - Technical\_Mitigation: {
    - "Strategy": "Technical Safeguards",
    - "Icon": "Shield",
    - "Key\_Approaches": ["Human-in-the-loop validation", "Confidence scoring systems", "Automated testing frameworks", "Rollback capabilities"],
    - "Result": "95%+ reliability in production"
  - Governance\_Mitigation: {
    - "Strategy": "Governance Framework",
    - "Icon": "CheckSquare",
    - "Key\_Approaches": ["Clear AI boundaries", "Audit trails", "Performance monitoring", "Escalation protocols"],
    - "Result": "Full transparency and control"
  - Organizational\_Mitigation: {
    - "Strategy": "Change Management",
    - "Icon": "Users",
    - "Key\_Approaches": ["Gradual rollout", "Training programs", "Success communication", "Stakeholder involvement"],
    - "Result": "High adoption and utilization"

- Creative Brief: Three distinct mitigation strategy cards with clear approaches and measurable results. Icons reinforce key concepts. Results emphasize success outcomes.

- Block 3:

- Block Type: Text

- Placement: Bottom left main panel

- Component Schema: "Detailed Mitigation Approaches"

- Content:

Section\_Title: "Comprehensive Risk Management"

Reliability\_Measures: {

"Category": "Ensuring Reliability",

"Tactics": ["Start with non-critical processes", "Implement confidence thresholds", "Create human review checkpoints", "Build comprehensive test cases"],

"Example": "Customer support AI handles routine queries but escalates complex issues automatically"

}

Transparency\_Measures: {

"Category": "Maintaining Transparency",

"Tactics": ["Log all AI decisions", "Provide reasoning explanations", "Create audit dashboards",

"Regular performance reviews"],

"Example": "HR AI explains why it recommended certain candidates and provides decision audit trail"

}

Control\_Measures: {

"Category": "Maintaining Control",

"Tactics": ["Define clear operating boundaries", "Implement kill switches", "Monitor for drift",

"Regular revalidation"],

"Example": "Financial AI operates within predefined limits with immediate alerts for boundary issues"

}

Adoption\_Measures: {

"Category": "Ensuring Adoption",

"Tactics": ["Demonstrate quick wins", "Provide comprehensive training", "Address concerns openly", "Celebrate successes"],

"Example": "Start with time-saving applications that immediately improve employee experience"

}

- Creative Brief: Four detailed mitigation categories with specific tactics and real examples. Practical, actionable guidance for executives. Examples make concepts concrete.

- Block 4:

- Block Type: Text

- Placement: Bottom right sidebar

- Component Schema: "Risk Framework Summary"

- Content:

Framework\_Title: "Executive Risk Framework"

Risk\_Categories: {

"Operational": "Medium - Manageable with safeguards",

"Financial": "Low - High ROI with gradual investment",

“Regulatory”: “Medium - Evolving but addressable”,

“Competitive”: “High - Risk of falling behind competitors”

}

Key\_Principle: “The biggest risk is not acting while competitors gain advantage”

Recommended\_Approach: “Controlled experimentation with clear success metrics and exit criteria”

Success\_Indicators: [“Pilot programs showing positive ROI”, “Employee adoption and satisfaction”, “Customer experience improvements”]

- Creative Brief: Executive-level risk summary with clear categorization. Key principle emphasizes competitive risk of inaction. Success indicators provide concrete measurement criteria.
- Block 5:
  - Block Type: Text
  - Placement: Footer section
  - Component Schema: “Footer”
  - Content:
 

Footer\_Text: “Risk Management Reality: Leading companies are managing these risks successfully —proven frameworks exist”
- Creative Brief: Confidence-building footer emphasizing that risks are manageable and frameworks proven by industry leaders.
