Slide 5

Objective: Showcase specific business applications where Agentic AI can immediately impact operations and drive ROI.

Layout Composition:
The slide is a flex-col with a header sized to content and a main area that grows to fill remaining space. The main area is a grid with two rows in a auto 1fr proportion. The top row contains four application category cards in a 1fr 1fr 1fr 1fr grid. The bottom row is a flex-row with a main applications detail panel (3:1 growth ratio) and a ROI summary sidebar.
